---FINAL REPORT OF CITY COMMISSIONERS---

IN THE MATTER OF OPENING AND EXTENDING THE TEN FOOT ALLEY
SOUTH TO HAYDEN STREET, COMMENCING AT THE NOW SOUTHERN TERMINUS
OF THE ALLEY BETWEEN LEWIS AND HAYDEN STREETS, BETWEEN WALTON AVENUE
AND LILLIE STREET WITHIN THE CITY OF FORT WAYNE.

The undersigned City Commissioners would respectfully show to
your Honorable Body,

That in accordance with a resolution of the said Common Council
at its regular session on the 8th day of August, 1893, and upon notice
from the City Clerk, served upon them according to law, they met at
the office of the City Clerk of the City of Fort Wayne on Friday the
25th day of August, 1893, and after adjournment from day to day they
did, on the 4th. day of September, 1893, file their intermediate re-
port in said matter, which is in these words (h i) a final hearing
thereof having been set for the 27th day of October, 1893, at 10
o'clock A. M.

That afterwards, to-wit: on the Monday, the 27th day of October
1893, they again met according to law (the City Clerk having first
caused all the parties interested in said opening to be notified by
personal service and publications respectively, according to law) and
proceeded to hear and determine all matters concerning said opening
and again visited said premises in a body, and viewed the same; and
that upon inspection they found that since the filing of their inter-
mediate report, that the sewer which had been contracted for by said
City to be constructed in said alley had been placed to the west and
outside of the limits of said proposed alley and the extending of said
alley as intended in said intermediate report would be impracticable.

They thereupon prevailed upon the owners of the premises through
which such proposed alley was to be extended to dedicate to the City

of Fort Wayne, each a strip of ground five (5) feet wide off of the rear end of their premises to which request said property owners complied, and said commissioners now herewith file a plat and dedication of said premises and alley which is made a part of this report.

In making said arrangement with said property owners so dedicating said alley they insisted that the benefits should not exceed the damages excepting as to the Real Estate owned by Henry P. Werkmann who had to give the whole of the ten (10) feet and having left an additional parcel which will be separated from the main and said remainder would be damaged by reason thereof, but said Werkmann agreed that if said Commissioners would assess reasonable damages to him over and above his benefits for the alley so taken he would demand no damages for said remainder.

And having estimated the value of the real estate appropriated and also estimated the benefits to the Real Estate in the vicinity thereof they adjourned from day to day until the 14th day of November 1893, and now report as follows, to-wit:
